LUNARIS 12"

Designed to keep you cool

About the mattress core (foams):

Experience *cloud-like comfort* with our **premium plush mattress**, crafted with multiple layers of advanced foam for deep, **contouring support**. Topped with a **cooling cover**, it ensures refreshing, *temperature-regulated sleep night after night*.

About the mattress cover:

Instantly cool and calming, the cover is woven with advanced cooling fibers for a refreshing touch the moment you lie down. Wrapped in *cool elegance*, it breathes with you through the night, drawing warmth away with every **soft, soothing touch**.

The specially designed **30cm (12") multi-foam** core of the **LUNARIS** mattress relieves pressure points for balanced comfort. Gel-infused memory foam with an embossed egg pattern ensures support and airflow to keep foams cooler.

Cool when you lie down — the cool-to-the-touch **PREMIUM** cover with cooling fibers helps you relax and settle in for the night.

LUNA SOFT 10"

Experience the art of gentle sleep

About the mattress core (foams):

LunaSoft 10" combines plush and supportive materials for the perfect balance of comfort and stability. Designed for contouring and **motion isolation**, it promotes *deeper, more restorative sleep*.

About the mattress cover:

Made with a **360-degree stretch-knit fabric**, the cover ensures flexibility and a precise fit. Its streamlined, modern design blends durability, breathability, and a clean, contemporary look.

Cool When You Lie Down – the cool-to-the-touch **PREMIUM** cover keeps you cool and relaxed.

4NEST 10"

Adaptable sleeping space

About the mattress core (foams):

4NEST 10" is designed for every sleeper, **offering 4 firmness levels** with a smart blend of foams and shoulder zones for multiple lying options. Made from **supportive cold foam**, it provides targeted ergonomic support, while one side features **pressure-relieving memory foam** and the other **resilient, breathable foam** for optimal comfort and ventilation.

About the mattress cover:

DREAM+ is an innovative mattress cover that enhances comfort and performance. Engineered to balance warmth retention with optimal airflow, it keeps you cozy while preventing overheating and excess sweating.

4NEST 10" mattress is designed for every sleeper, offering **4 distinct levels of firmness** — Plush, Medium, Medium-Firm, or Firm. ***No matter your preference, you'll find your ideal comfort level.***

DREAM+ is an innovative cover that adds value to your sleep, retaining body heat while allowing airflow to prevent sweating.

DUOLUX TOPPER

2 ways 2 relax

About the mattress core (foams):

DUOLUX topper adds comfort to any mattress with two distinct feels. The **HR layer** provides firmer support with zoned ventilation for better airflow, while **SMART FOAM** replicates the soft, Latex-like feel for comfort and breathability.

About the mattress cover:

Encased in a premium outer fabric with **Air 3D mesh borders**, the cover enhances airflow and breathability, ensuring a cooler, more comfortable sleep.

DuoLux topper adds extra comfort to your mattress, with two sides that suit every body type and sleeping position – **firmer comfort** comes from **HR foam** with zoned ventilation channels for support, airflow and breathability; **softer comfort** comes from **SMART FOAM** which replicates the feel of Latex, supportive, supple and open-cell for better circulation; mesh on the sides further improves breathability.

WAVE COOL SMART

topper

About the mattress core (foams):

WAVE COOL SMART topper uses **zoned support foam** with open pores for heat transfer, pressure balance, and spine alignment. The **AirCell® memory foam** side provides soft, pressure-relieving comfort, improving circulation and reducing tossing and turning.

About the mattress cover:

Simply flip the topper without removing the cover. The premium fabric reflects *quiet luxury*, blending simplicity with timeless elegance for lasting comfort and style.

COOL FLEX FOAM

40 density

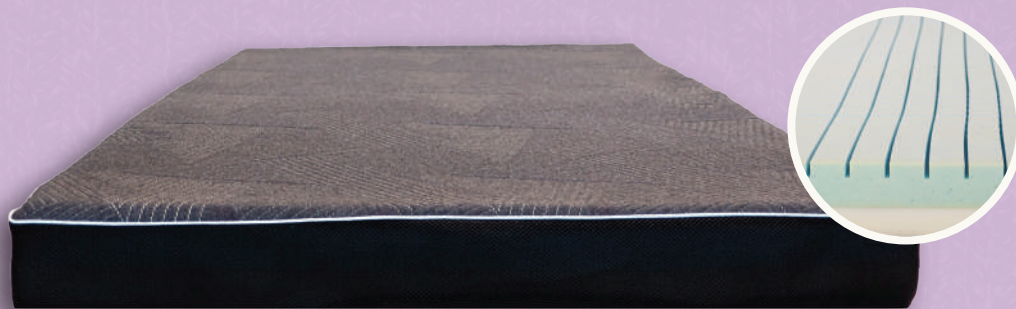

Zoned support foam with open-pore structure transports excess heat, while symmetrical zones ensure pressure relief and proper spine alignment. **Softer comfort: AirCell® memory foam** provides conforming support and pressure relief, improves circulation, aids muscle recovery and reduces tossing.

Simply flip the topper without removing the cover. **Quiet luxury cover** – **PURE** blends elegance and simplicity, offering timeless, understated sophistication.

PREMIUM CUBE TOPPER

2 ways 2 support

About the mattress core (foams):

PREMIUM CUBE topper is a 2-in-1 reversible topper for customizable comfort. The **CONVENTIONAL PU foam** side offers firm support, while the **AirCell® memory foam** side provides soft, pressure-relieving comfort, improving circulation and reducing tossing and turning.

About the mattress cover:

Encased in a premium outer fabric with **Air 3D mesh borders**, the cover enhances airflow and breathability, ensuring a cooler, more comfortable sleep.

Complete comfort: pillows, mattresses, toppers

ANATOMIC MEMORY pillow

Memory foam technology enables better relaxation during physical and mental rest. Small holes in the memory foam core allow air to circulate and wicks away moisture to keep you comfortable. Offering the best support to your spine and neck keeping them in neutral position reducing stress levels, increasing comfort levels, and offering better sleep.

MEMORY FOAM pillow

With **memory foam** you experience deep relaxation and balanced support. The perforated core allows air circulation and helps disperse moisture, keeping the surface cool and comfortable. By maintaining natural spinal and neck alignment, it eases tension and enhances sleep quality.

PREMIUM SOFT pillow

Proudly filled with selected **premium microfibers**, bringing superb softness to delight every slumber. Thanks to its premium microfiber filling, the pillow will snugly nestle your neck and head, gently promoting proper spinal alignment and sleeping posture. They are cushiony enough to help

BASIC TOPPER
